

## BV 5/1

The new backpack vacuum cleaner BV 5/1 like a backpack comfortably on the back is carried, is still easier and higher performance with only 5.3 kg than its predecessor model. The BV 5/1 is used particularly, where it is too close for conventional vacuum cleaners: between seat rows of cinemas and theatres, in buses, trains and airplane cabs, in stairways of hotels and offices as well as in strongly transferred areas.

### Standard accessories:

## Details

### Description

For ergonomic working the extremely comfortable stretcher rack (with patented ventilation system) is equipped with padded shoulder and lap belts, which can be adjusted individually to the operator. The large on/ off switch at the side 5 l of the seizing container is well attainable. Owing to the centrally arranged dust extraction hose the equipment of on the right of and left-handed people can be handled equivalent good. 15 m a long mains cable makes possible a large radius of action, also on stairs or stands.

---

### Application

To the dedusting or absorbing of normal types of dust or dry suction property between chair rows (theatre, cinema, festival room), courses (between shelves), stairs, on stands, confine in camps, trains, buses, airplanes.
